

MARQUEE

B U S I N E S S S O L U T I O N S

We get local businesses more Google reviews, and we answer the ones you already have. That's it. That's the whole thing.

WHO WE ARE

One person. **Jeff Schaeffer**, Whitehall PA. Twenty years on a car dealership sales floor before this — so I've watched thousands of happy customers walk out without ever saying so in public.

Not an agency. Not a call centre. Not software. Software gives you a dashboard. An agency gives you a report. You wanted the reviews.

WHY IT MATTERS

When somebody needs a plumber, a barber, a mechanic or a dentist, they search once on their phone and call one of the first names they see. **97% read the reviews before they call.** Most only read the ones from the last three months.

Your best customers would happily say something good about you. **Almost nobody ever asks them.** That's the entire problem, and it's fixable.

HOW IT WORKS

1

We measure you.

Your Google profile, searched from your own address the way a customer sees it. Free. You keep the page whether we work together or not.

2

You get a card.

A card with a chip in it sits at your counter. Customer taps it with their phone, your review page opens. Eight seconds. No app.

3

We answer them.

Optional. Every review gets a reply written and posted, your profile stays filled in, and you get one page a month showing what moved.

WHAT IT COSTS

What you get	What's included	Price
Tap Card start here	One card, programmed to your review page before it ships. Tap or scan. You own it. No monthly, nothing to cancel. Six-card kit for a whole shop is \$299.	\$99 once
Reply most chosen	Every Google review answered by a person, in your voice, within 24 hours. The unanswered ones from the past cleared, oldest first. Profile watched daily. One-page Monthly Action Plan. Needs one thing from you: add us as a Manager on your profile (30 seconds, no password).	\$99/mo add to any card order
Grow	Everything in Reply, plus automated email and text follow-up after every job, two Google posts a month, competitor tracking, hours and categories kept correct, a quarterly strategy call.	\$299/mo add to any card order

Month to month. No contract. Cancel by text. Most people start with the \$99 card and add Reply when they see the first month's numbers — and we'll tell you if you don't need it.

Find out where you stand. It costs nothing.
