

MARQUEE

REPUTATION · PRICING

Get reviewed. Get chosen.

Two decisions, nothing hidden. First, the card: the plain white Google review card, identical for every customer, no printing or branding on the card, plus your own review page at marqueebusinesssolutions.com/r/yourbusiness with your name, logo and colors. That's a one-time price and you own it. Second, and only if you want it: a person answering your reviews every week. The Marquee Standard on every plan: the same ask for every customer, no incentives, no gating, and we never write a review for you.

THE 30-DAY MARQUEE GUARANTEE

If you don't get more Google reviews in your first 30 days than you got in the previous 30 — the first month is free, and you keep everything we installed. No fine print. No pro-rating argument. We count your reviews the day we start, and we count them again on day 30.

The card is a one-time purchase — nothing recurs unless you add Reply or Grow. A monthly plan is charged automatically to your card every month at the same amount until you cancel — no contract, no lock-in, cancel any time by text or email. Annual option: pay 10 months, get 12. Dominate (multi-location, full profile build-out, local SEO) is quoted per business — ask Jeff.
