

Send me one shop. Get paid every month it stays.

No cap, no expiry, no selling on your part.

WHAT IT PAYS

20%

of everything that account pays Marquee, every month, for the life of the account.

A three-location barbershop on Grow is **\$180 a month to you**, month after month, for as long as they stay with us — plus \$60 the day each shop buys its kit. You are not paid for a lead. You are paid for a customer, which is why I care as much as you do whether they stay.

BY WHAT THEY BUY

What they take	Their price	You get	How often
Review card	\$99 once	\$20	one time
Dashboard + action plan	\$149 once	\$30	one time
Get Found: card + dashboard	\$199 once	\$40	one time
6 cards + counter stand	\$299 once	\$60	one time
Marquee Reply	\$99/mo	\$20/mo	every month it runs
Marquee Grow	\$299/mo	\$60/mo	every month it runs

HOW IT WORKS

- 1 You send a name.**
A text is enough. Shop name and a phone number, or just introduce us.
- 2 I do the work.**
I measure their Google profile before I ever call them, and I walk in with it. You are never asked to sell anything.
- 3 They sign, you get paid.**
20% of whatever they pay, every month, for as long as they stay. Paid the first week of the following month.

WHO IS WORTH SENDING

Any business with a phone and a front door where a customer stands there happy at the end — barbers, salons, detailers, auto repair, home services, studios. The tell is a shop that is busy and still hard to find on Google. If you are not sure, send it anyway. I will look before I call them, and if there is nothing wrong I will tell you and leave them alone.

Paid the first week of the following month, by whatever method suits you. Nothing to sign. Stop sending names any time and you keep getting paid on the accounts already running.
